

ON COLLEGE GRIDIRONS

Yale 'Varsity Has a Day of Unsatisfactory Practice.

LIST OF INJURED GROWING

Pendleton Goes Back to Old Position in Tiger Line-Up—Farr Sprains His Ankle.

[By Telegraph to The Tribune.]  
New Haven, Oct. 25.—The longest practice of the year was held on Yale field today. The work was not entirely satisfactory to the coaches, even though more points were scored than usual, and between the halves of the game and the freshmen field took a beating from the men of the team.

Play started by the 'varsity kicking off to the freshmen. Almost on the first play Little Tuttle, of the ends, snatched through the 'varsity line while it was in a state of coma and sent the ball twenty yards. The 'varsity took the ball on downs, and with steady advances and a twenty-five-yard run by Spalding landed on the 15-yard line, where it was lost on a forward pass.

Taking the ball again on the 10-yard line and materially aided by two long runs by Spalding, the 'varsity scored through the line. Francis kicked the ball, the 'varsity defense proving strong, but not consistent enough to satisfy either coaches or players. Merritt scored another touchdown by slipping outside tackle for a fifty-yard run, closely pursued by the best Cornell of the freshmen, but Merritt distanced him.

Later on, under orders to score a touchdown, the 'varsity pushed the ball to the freshmen 10-yard line, but not being able to score Merritt dropped kicked a goal from the 25-yard line. Toward the end the freshmen weakened, and the 'varsity again grew longer and their work more imposing, but it was really unsatisfactory.

Francis was continued at left end, but Marling, who has been playing tackle, was used at center on the 'varsity, while Ketchum was rested. His work was fair. Parker was used at left guard in place of Childs, who hurt his back slightly yesterday. Paul played at right tackle again, and several had a bad smash in the nose, returning to the play after a few minutes. The work of Freeman and Spalding was good, and they were the first 'varsity pair of halves again today. Anderson played at fullback in place of Philbin. Later in the play Conney went to guard on the 'varsity in place of Parker.

The end problem was further heightened by a bad injury to Davison, one of the most promising of substitute ends. His right wrist was broken in a scrimmage by being stepped on. Both he and W. Howe will now be out for weeks, and ends are scarce at Yale. The strongest play was made in the quarter for the second. He also resisted a bad smash in the nose. Church, the substitute fullback, was hurt badly. He dove into a hole in the line to help out the defense and cut a bad gash on the top of his head.

Ralph Davis Helps Out at Princeton.

[By Telegraph to The Tribune.]  
Princeton, N. J., Oct. 25.—The Princeton coaches continued driving the football candidates mercilessly this afternoon, and after a long signal practice two twenty-five-minute periods of scrimmaging were held. Pendleton was moved back to his old position of last year at halfback, taking Sawyer's place at right half. Christie played quarterback, as Farr sprained his ankle and may be out of the game for a week. The changing of Pendleton to halfback has been expected for some time, but in case Farr is not able to play it is probable that Pendleton will return to quarter. Farr's injury may be serious, and if so it will be a big handicap to the team, as he was counted on to run the eleven.

Duff played right guard on the 'varsity, and his work during the scrimmage warranted his receiving a permanent berth on the line. Wilson played the other guard, while Phillips was used as line's running mate at tackle. Vaughan and Wright played the ends.

Ralph Davis, 94, twice an all-American end, captain of the 1902 Princeton eleven in his junior year and a member of De Witt's championship eleven in 1903, made his first appearance as a coach at Princeton in years, and will see what he can do with the ends.

The 'varsity lined up as follows: Left end, Vaughan; left tackle, Hart; left guard, Wilson; center, Blumenthal; right guard, Duff; right tackle, Phillips; right end, Wright; quarterback, Farr; Christie; halfback, Baker; right halfback, Pendleton; Sawyer; fullback, De Witt.

No Let-Up for Penn.

[By Telegraph to The Tribune.]  
Philadelphia, Oct. 25.—It was intended to have Pennsylvania's football practice secret this afternoon, but the Quaker classics were having their fall handicap games and there was no opportunity to her out the students. However, it was one of the most satisfactory workouts of the year. The 'varsity was drilled in fundamentals, which was followed by a fast and snappy signal practice before lining up for the scrimmage with the scrubs. Though the Quaker scrubs is a husky bunch and gave the 'varsity a hard afternoon's work, the first eleven had little trouble in scoring three times, Marshall

ARMY MEN KICK POORLY

Forward Pass Practice Also Proves Unsatisfactory.

[By Telegraph to The Tribune.]  
West Point, N. Y., Oct. 25.—In today's practice the scrubs were kept much on the defensive, and although the first team scored only a drop kick, it many times got within striking distance of the scrubs' goal. Keyes, out of four attempts, failed at three drop kicks, and Cramer made a mess of another in the first part of the game. MacDonald got around right end for twenty yards, and a nice forward pass, Keyes to Browne, put the 'varsity on the scrubs' 5-yard line. Spalding here broke through and threw MacDonald for a ten-yard loss and Keyes dropped a goal from the 25-yard line.

Five times the first team tried the forward pass, but it is not working smoothly and only one netted a gain. Captain Hyatt was out in togs, but did not get into the line-up, and Arnold's place at right guard was filled by Fumell. Littlejohn got back into his place today, but it was deemed wise not to overtax his weak ankle, and he played only a few minutes. Devore did not come out, and Weyand played the tackle place in line shape.

For the first time in two weeks Hodgson got back into the game and did the punting to-day. Pritchard went in as quarterback on the scrubs and did nice running back of punts. The Army third eleven defeated the second-string men of the Stevens Institute by a score of 10 to 0.

'CHICK' EVANS IN BUSINESS

Former Western Golf Champion Will Have Little Time for Game.

[By Telegraph to The Tribune.]  
Chicago, Oct. 25.—Charles 'Chick' Evans, former Western open golf champion and present champion of France, will in a measure renounce his devotion to the game to-day. He will start to work for a bond company and will have little time for golf.

Evans had originally intended to go to Boston, where he had been offered a position, but preferred to stay in Chicago.

HILL OUTPOINTS SOLLY.

[By Telegraph to The Tribune.]  
Barry Hill, the former amateur 155-pound champion, outpointed 'Young' Solly at the Long Acre Athletic Club last night. Hill landed many hard blows. In the third round he sent his rival down to the count with a hard right to the jaw. After a brisk fourth round, with honors being even, Hill repeated the performance in the fifth again, Solly going down with another hard right. Hill unmercifully pounded Solly in the sixth and seventh, when the bout came to an abrupt end.

The game with Syracuse brought out several weak points in the Lafayette team. The interference is miserably weak, and some of the men are holding. Dr. Newton will hammer at these weaknesses and develop new offensive plays especially suited to the red men. Spiegel continues playing phenomenal game, and is without doubt one of the greatest halfbacks in the country. A new man in the squad, who looks as though he would be a valuable asset, is Woodward, who comes from Pottsville Institute, weighs 216 pounds and plays an aggressive game at guard. Brown and Rawson, the freshmen substitute backs, have made good. Rawson is playing 'varsity fullback, and Brown gave the most consistent exhibition of line bucking that was seen at the Syracuse Stadium on Saturday. Hammond, the substitute quarter, has been doing splendid offensive work. Benson, at center, may show before the season is over that he is one of the best pivot men in the East.

Harvard Scrubs Hold Regulars.

[By Telegraph to The Tribune.]  
Cambridge, Mass., Oct. 25.—The Crimson regulars were not able to set so far a pace against the scrub team to-day as they did yesterday, but a march from midfield was begun at the start of the scrimmage, and the ball was carried to the scrubs' 15-yard line. Two pretty forward passes made to Smith and Patton helped the gains, all of which were short. When passed close to their goal, however, the scrubs held fast, and the best that the regulars could do was to try for a field goal. Potter went back for a drop kick, but before he could get it away the scrubs' rush line was on him. This ended the scrimmaging for the regulars, who were sent to the side line by the coach, Houghton, and did no more work except to run through signals.

Captain Fisher was at right guard again today, and was active. He is over weight and needs much work before he will be in as good condition to play as he was last fall. Farmer played center part of the time for the regulars, as Storey's leg was wrenched, and he may be out of the game until the Brown match on Saturday. Houghton's work on attack was good, and in the signal drill he played end when Patton did the kicking. He is as fast as any player on the field on getting down under kicks.

Brown in Secret Drill.

[By Telegraph to The Tribune.]  
Providence, Oct. 25.—Brown had a grueling scrimmage in secret to-day, scoring two touchdowns on the scrubs in an hour's work. Tenney, the star right halfback, was kicked in the head and had to retire. The regulars were used only a short time, and subs were sent in to take their place. Adams was not used at all because of his damaged finger, and Bean was also kept out of the scrimmage.

Dartmouth Works in Secret.

[By Telegraph to The Tribune.]  
Hanover, N. H., Oct. 25.—Dartmouth practiced to-day behind closed gates. An hour of preliminary work was followed by a long scrimmage with the freshmen. The ball was kept in the 'varsity's possession in order to try several new formations. In the preliminary work the ends received the principal attention in recovering punts. The long drill in receiving forward passes with interference was given, and the line-men were put through offensive work.

The first line-up to-day: Left end, Daley; left tackle, Elock; left guard, Farnum; center, Whitmore; right guard, Beer; right tackle, Englehorn; right end, Gillis; quarterback, Lowell; left halfback, Harnds; right halfback, Dana; fullback, Snow.

N. Y. U. TEAM WORKS HARD

Goes Against Scrub, Webb and De Witt Clinton Elevens.

Football practice for the New York University team yesterday afternoon on Ohio Field was long and hard. After the customary kicking practice, in which Comfort, Moore and Elfric were tried, the team was put against the scrubs for a drill in running through plays, so that the coaches Elliott and Reilly could have a chance to instruct the line-men.

The teams from both Webb Academy and De Witt Clinton High School were on the field, but the 'varsity was not lined up against either of them until the last forty minutes of practice. Instead, the scrubs went on the defensive, and the scrimmage lasted thirty minutes. The forty minutes at the end of practice was divided between the two outside teams, and in both scrimmages the college team was noticeably superior.

The line-up: Left end, Dutcher; left tackle, Welner; left guard, Rudolph; center, Raabbaum; right guard, Andrade; right tackle, Vesley; right end, Zimmler; quarterback, Nixon; left halfback, Elfric; right halfback, Moore; fullback, Brennan.

GLIDDEN CARS CHECK IN.

Lave Oak, Fla., Oct. 25.—The Glidden four cars began to check in here just before dark, after a run of fifty-nine miles from Valdosta. One car of the Glidden team turned turtle between Valdosta and this city and was abandoned. No one was injured. Only seven teams now are competing.

Auto News of the Day

'Cross-Country Tourists Take to the Santa Fe Trail After Kansas City Visit.

Kansas City, Mo., Oct. 25.—Late this afternoon the Raymond & Whitcomb tourists who, for three days, have been following the course of the Missouri River southward from Omaha, entered this city over the Kaw River viaduct. To-morrow they will take up the Santa Fe trail, which begins at this point, and will follow it to its termination, almost one thousand miles to the southwest.

Before leaving, in the morning, the "automobile train," which is made up of four 30-horsepower Garford touring cars and a canvas-covered motor-driven, "prairie schooner," will make a tour of the Cliff Drive and other boulevards in the city. To-morrow night's control will be at Emporia, Kan., the town that William Alton White, of "The Emporia Gazette," and Walt Mason, the inventor of the prairie schooner, labored jointly to put on the map.

Today's run was a short one, having been from Atchison, Kan., fifty-eight miles northwest of this city, but the extra time was taken up in a stop at Leavenworth, Kan., to inspect the federal prison and the military post there. Another brief stop was made at Lansing, where the Kansas state prison is located. On reaching Kansas City the tourists were invited to go through the county jail, but their unanimous decision was to pass them by in view of the penitentiaries to last them for the remainder of their trip.

MOAKLEY SIGNS CONTRACT

Will Be with Cornell for Another Five-Year Term.

[By Telegraph to The Tribune.]  
Ithaca, N. Y., Oct. 25.—The services of Jack Moakley, Cornell's track coach and football trainer, are assured for the next five years by the renewal of his contract, which has bound him to the university since 1889. When Moakley came to Ithaca Cornell had never been heard of in track athletics and 'cross-country running had never been scientifically developed.

During the first year of his work here he founded the Cornell 'Cross-Country Club and immediately a team was developed which won the first championship, and only once since then has Cornell failed to win.

In 1905 the undergraduates of the university expressed their appreciation for the services by subscribing for the erection of a house, which was presented to him, and which he and his family now occupy.

MIDDIES' TEAM CRIPPLED

Captain Dalton and Three Line-men Out of Game Now.

[By Telegraph to The Tribune.]  
Annapolis, Oct. 25.—The crippled condition of the Naval Academy team this afternoon indicated that some of the regulars may not be able to start against Western Reserve next Saturday, though with care the team may be able to put on its full strength at the start, at least.

Brown, the big tackle, and Hamilton and Gilchrist, the regular ends, laid off this afternoon, and after about five minutes of playing Captain Dalton, the leading ground player of the team, strained his leg and had to be helped off the field. His place was taken by Vickery for a while, and later Leonard, who had been playing a strong game on the scrub, was transferred to the regular side.

BOXING NEWS AND NOTES.

Al Palzer, the boxer who gained prominence by winning the "white hope" tournament at the National Sporting Club of America, will make his appearance in the arena of the same club to-night against Soldier Delaney, the champion of the Sharkey Athletic Club in the main bout of ten rounds. Delaney, so his manager, the famous Jim Buckley, says, is the best heavyweight since the days of Tom Sharkey. If the rugged soldier can defeat Palzer he will be able to command attention from all the managers of the local clubs, for Palzer gives every indication of developing into a first class man before long.

Those who do not attend the bout at the National Club will have to pick and choose among a programme of very excellent bouts. Phil Cross and Marty Brown will spar at the Houston Athletic Club. Joe Wagner and Charlie Goldman will meet at the Fordon Athletic Club and Johnny Dohan will box the hard hitting "Young" Nitchie in the star bout of ten rounds at the Maspeth Athletic Club of Long Island.

Twice Winner of the Vanderbilt Cup

ALCO

1912

NEW lines—long, low, straight, simple—wider doors, more room, deeper upholstery and a culture in little things grace the 1912 Alco. For beauty the Alco is rare among motor cars.

Beauty in the dignified simplicity, the quiet style, the graceful, practical doors, the character in the hooded dash, the plain masculine outline of the radiator, and the richness or sturdy, generous fenders.

Beauty in the culture of the soft, deep cushions, the big, strong lamps, the dash ventilators, the concealed Prest-O-Lite tank, the petit appointments, its very paint—a daintiness and good taste that is appealing.

Beneath the tonneau door, and concealed, is an electric bulb which lights automatically at night as the door opens. It illuminates vividly the step and assists one in alighting.

And beauty runs deep in the Alco. Down to its strong, clean chassis—a good metal feast to the man who loves a thing well made. One need not be a mechanic to enjoy this engineering.

A motor car is not made over night, nor in a year. The Alco goes back to 1905. It was changed from a chain driven to a shaft driven car in 1907.

To accomplish this, new hammers and new dies were installed in the Alco factory at a cost of \$31,700. Here is now located the largest drop hammer in the world. It weighs 250,000 pounds. This hammer smites the rear axle out of a solid billet of steel. It provides the strongest and safest rear axle on any motor car.

From the beginning the great desire of its builders was to produce a car of long life.

Their extensive experience in locomotive building gave them a latent knowledge that no one else in the automobile business today possesses.

They anticipated the day when motor cars would not be valued by a touch of red or a dash of green—but by actual life, like good jewelry good silverware, good furniture.

This is why the Alco factory possesses a wealth of equipment that stands second to none in the world for completeness—not an equipment to turn out cars "for the day's smartness," but an equipment in forge, laboratory, heat treating ovens, automatic machinery, instrument like tools, gigantic machines, and

STARS IN COLUMBIA MEE

Dwight, Princeton Hurdler, Wins in Interclass Games.

Darkness put an end to the Columbia interclass games for the Kirby trophy on South Field yesterday afternoon when the seniors were leading with a score of 32½ points. The sophomores were next with 24½, and the low school, largely due to the efforts of M. Dwight, the former Princeton hurdler and track captain, and W. d'Auvenant, the Cornell pole vaulter, was third with 18 points. The Columbia juniors and freshmen trailed with 16 and 8 points, respectively. Captain H. S. Babcock, the international pole vault champion, took the individual honors of the day by scoring 16 of the 32½ points made by his team.

Dwight captured both the high and low hurdles, although he was forced to do his best on the muddy track by Babcock in the low hurdles and won by inches. His time was seventeen seconds. In the high hurdles he had things all his own way and won easily. D'Auvenant beat Babcock in the pole vault by vaulting 19 feet 6 inches to Babcock's 18 feet. Babcock, however, won both the high and broad jumps, the former with a jump of 20 feet 11 inches.

R. M. Bonah, the former Illinois quarter miler, won the quarter for the junior class. He took the lead at the start and was never pressed. Sullivan, of the senior class, was second, and Brady, the De Witt Clinton track captain last spring, was third. Bonah's time was 32.5 seconds.

BOXING NEWS AND NOTES.

Al Palzer, the boxer who gained prominence by winning the "white hope" tournament at the National Sporting Club of America, will make his appearance in the arena of the same club to-night against Soldier Delaney, the champion of the Sharkey Athletic Club in the main bout of ten rounds. Delaney, so his manager, the famous Jim Buckley, says, is the best heavyweight since the days of Tom Sharkey.
